MEMORANDUM FOR: Director of Data Processing
THROUGH : Executive Officer
FROM :
Acting Chief, Management Staff, ODP
SUBJECT : Management Staff Weekly Report
for Week Ending 23 June 1981

After-Hours VM Logon Reporting for ODP

The Office of Security has agreed to provide ODP with after-hours VM logon reporting that includes all the activity of ODP personnel. The current report only shows use that is charged to ODP. Therefore most of Applications personnel activity is appearing in reports of the offices that are charged for the VM service. The Deputy Director of Applications has requested this report to review the after-hours use of VM by Applications personnel. (AIUO) (ODP Only)

FY 1982 Requirements

ODP Resource Package Managers have been requested to provide information concerning their 1982 budget by 15 July. This includes planned reprogramming actions, unfunded or underfunded requirements, and the least critical requirements. Questions on these subjects are anticipated from the DDA and Comptroller in the near future. (AIUO) (ODP Only)

External Procurements

ODP concurred on an external procurement request from NPIC amending an earlier request for the Study Phase for a replacement data system. This amendment enlarges the scope of the Statement-of-Work (SOW) to direct contractors to perform a parametric design tradeoff for NPIC's new wide band data communications network. (AIUO)
